Luminarc

Innovative glass for a better world

About the Arc Group

World leader in tableware, the Arc group creates everyday innovative and sustainable glass solutions to enjoy eating, drinking and home experiences.

Through its Luminarc™, Arcoroc™, Cristal d'Arques™ Paris and Chef&Sommelier™ brands, Arc is aimed at both individuals and professionals. The Group is present in many markets, in particular that of mass retail, hotels, restaurants, bars and cafes, wine merchants, and collective catering (schools, hospitals, retirement homes, and company canteens). It also provides tailor-made solutions for manufacturers and promotional items.

Committed to a Corporate Social Responsibility approach, the Arc group invested 5 million euros in Research & Development in 2022 and reduced its CO2 emissions by more than 23% per ton of glass produced between 2010 and 2022. The Arc group is also actively contributing to the transition to a new circular economy model, including offering innovative and sustainable glass containers as alternatives to single-use plastic.

With production sites in France, the United States, China and the United Arab Emirates, the Group produces more than 4 million items every day. Arc employs more than 7,000 people and generated sales of 900 million euros in 2022.

Beauty accessible to all

Since its creation in the north of France in 1948, Luminarc has made attractive and well-thought-out tableware and cookware products that meet the aspirations of the moment, while remaining functional, practical and affordable for everyone. Luminarc manufactures in France and has an international presence, distributing collections around the world that reflect the many facets of its identity.

Luminarc today is one of the world's leading tableware brands. It shares its French style beyond the borders of France in nearly 160 countries, with 400 million glass items sold each year. Every day, the brand sets out to conquer every continent, bringing consumers products whose shapes, sizes, colours and decorations are in line with local customs.

The Luminarc team

Simple, stylish and smart

Recognised for the quality of its products, **Luminarc** brings its inventive and modern style to consumers everywhere, embodying a creative and joyful French style of living.

Luminarc is combining creativity and industrial expertise to provide the highest quality products at affordable prices. Our R&D center is equipped with a latest-generation laboratory. Chemists and researchers are pushing back the limits of technology to create types of glass with unique properties. **Luminarc** collections offer to consumers new innovative types of glass with great functionality, such as black glass, colored opal and culinary opal.

AFNOR Cert. 85184

The **Luminarc** products manufactured in **Arques** have been certified "**Origine France Garantie**" (French Origin Guaranteed) since **2019**.

Luminarc, the durable glass

Our brand is committed to reducing its impact by producing as close as possible to our consumers around the world and by striving to control each stage of the life cycle of its products. This includes choosing glass as our exclusive material and using materials that are sourced close to our production sites. We have the ambition to use more and more recycled glass by working to establish a collection system. We limit packaging and use recycled cardboard. Our glass is a sustainable alternative to disposable plastic.

A brand that listens to trends

Luminarc adds style and joy of living by taking inspiration from current, seasonal and contemporary trends. The Design department in France regularly renews Luminarc collections to delight consumers and bring aesthetic pleasure to everyday meals. In every Luminarc creation, form follows function for products that are both practical and trendy.

When fusion cuisine pushes the boundaries of gastronomy, Luminarc provides new shapes and capacities for dishes, bowls or plates for cuisines from all around the world, bringing modern colors and bold combinations of material effects to your kitchen.

For consumers who are increasingly on the move and concerned about ensuring a healthy diet, the brand has designed a new range of leakproof, functional, resistant boxes that allow food to be safely stored, heated or transported. One of the latest launches, Black Box, is offering a dramatic backdrop for your meals, while being one of the most eco-responsible solutions on the market with 70% recycled glass.

With home cooking gaining market share in all households, Luminarc provides cookware dishes that are 30% lighter than ceramic dishes, not to mention extremely resistant and stackable. From oven to table, with confidence and elegance.

Tableware for Solidarity

The Luminarc mug for the Lille "Pasteur Institute"

You didn't have to look far: Luminarc is indeed a committed brand.

Do you remember "The Luminarc mug for the Lille Pasteur Institute"?

But that's not all...

Donation of Easy to L'Équipage Solidaire

Luminarc has helped a student association with a donation of preserving boxes for its delivery platform for completely free food and hygiene kits...

"Luminarc's donations of glass storage boxes have opened up new possibilities for us, enabling us to store and deliver fresh food to our beneficiaries. This is more than just a contribution, it's an investment in the quality, sustainability and functionality of what we do. 💪"

Many thanks to Luminarc for their support and commitment to our cause. Their invaluable help helps to strengthen our mission and make our association an increasingly effective player in the fight against student poverty. ❤️"

Changing Consumer Habits

We believe that education is key to securing a more eco-responsible future. That's why we're committed to educating consumers on the importance of eco-friendly habits and the dangers of using plastics.

Materials

GLASS: beautiful and 100% healthy

Luminarc offers the highest quality glass, faithful to the project of the founders of the glassworks d'Arques: "offering beauty within everyone's reach".

The qualities of Luminarc stamped glass are many:

- **Scratch, stain and shock resistance.**
- **Easy** to clean and dry.
- **Perfect transparency:** excellent presentation of recipes and easy identification.
- **Organoleptic quality:** preserves food and drink qualities (tastes and aromas).
- **Healthy:** naturally non-porous material, that ensures no migration towards food.

The key to a product that is perfectly healthy for the whole family!

TEMPERED GLASS: safe and durable

Our tempered glass products undergo a thermal treatment process that increases their **resistance to physical impacts and temperature changes**. Tempered glass offers safety and durability. Tempered products can go straight from the freezer or fridge to the microwave without any risk. Luminarc is 100% family friendly!

CRYSTAL GLASS

Discover the purity of Luminarc crystal glass, a perfectly **transparent** and **brilliant** crystal glass.

Appreciate its musical and clear sound that demonstrates its quality.

Very resistant, especially at the rim, for even greater **comfort** and **durability**.

Materials

OPAL : the perfect choice for your family

Families have been using Luminarc's pure white opal products since 1958!

White opal is a material that's perfectly suited to the family's needs and expectations.

The benefits of Opal are many

- **Made to last:** 3 x times stronger than ceramics tableware, high resistance to breaking and chipping
- **Easy to use in the kitchen:** dishwasher and microwave safe, light, stackable
- **100% healthy:** a non-porous durable material that makes it extra-hygienic
- **Origine France Garantie label:** certified by an official label to reassure consumers and protect our know-how

AND... IN COLOUR!

The Luminarc coloured opal tableware ranges are the most resistant coloured products on the market!

SMART CUISINE
250°C/475°F

Oven Glass
Extra Light - Extra Resistant

The **oven-safe opal glass** is one of Luminarc's latest innovations. **This new heat-resistant material is extra-light (30% lighter than the materials traditionally used for baked dishes) and extra-resistant (3 times higher than porcelain).** It resists the heat up to 250°C, resistant to chipping and breakage: you can bake or broil any dish. Easy to clean due its smooth surface, as well as nestable for space-saving kitchen organization, the Smart Cuisine offers plenty of benefits.

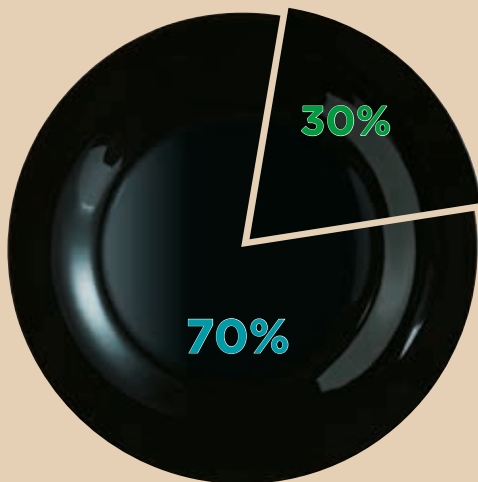

Beautifully designed to embellish a dinner table, the **Smart Cuisine** range was voted "Product of the Year" in 2019 in France.

These elegant baking dishes **Smart Cuisine by Luminarc** easily go from oven to table, making them a **must-have in any kitchen.**

BLACK GLASS: a durable glass

Black glass is made from **70%** waste glass, recycled in our own factory. Melting it requires **30%** less energy than conventional clear glass, which significantly reduces the carbon footprint of its manufacture.

- Virgin material
- Recycled glass from our production site in France

A durable glass that retains all the qualities of glass.
